WE'RE GOING TO AMERICA

That's right. We're going to America. We're going to reach those who think Jesus Christ is boring. We're going to those who think Christianity has no value over any of the many false religions. We're going to those who don't know right from wrong. We're going to bring holiness to America. We'll share the truth of Jesus with those who don't know God and we'll help revive those who do. We're going on fire and on purpose – to make positive changes that will change the course of America. We have what America needs. We are not going to hide it. We are going to let it shine!

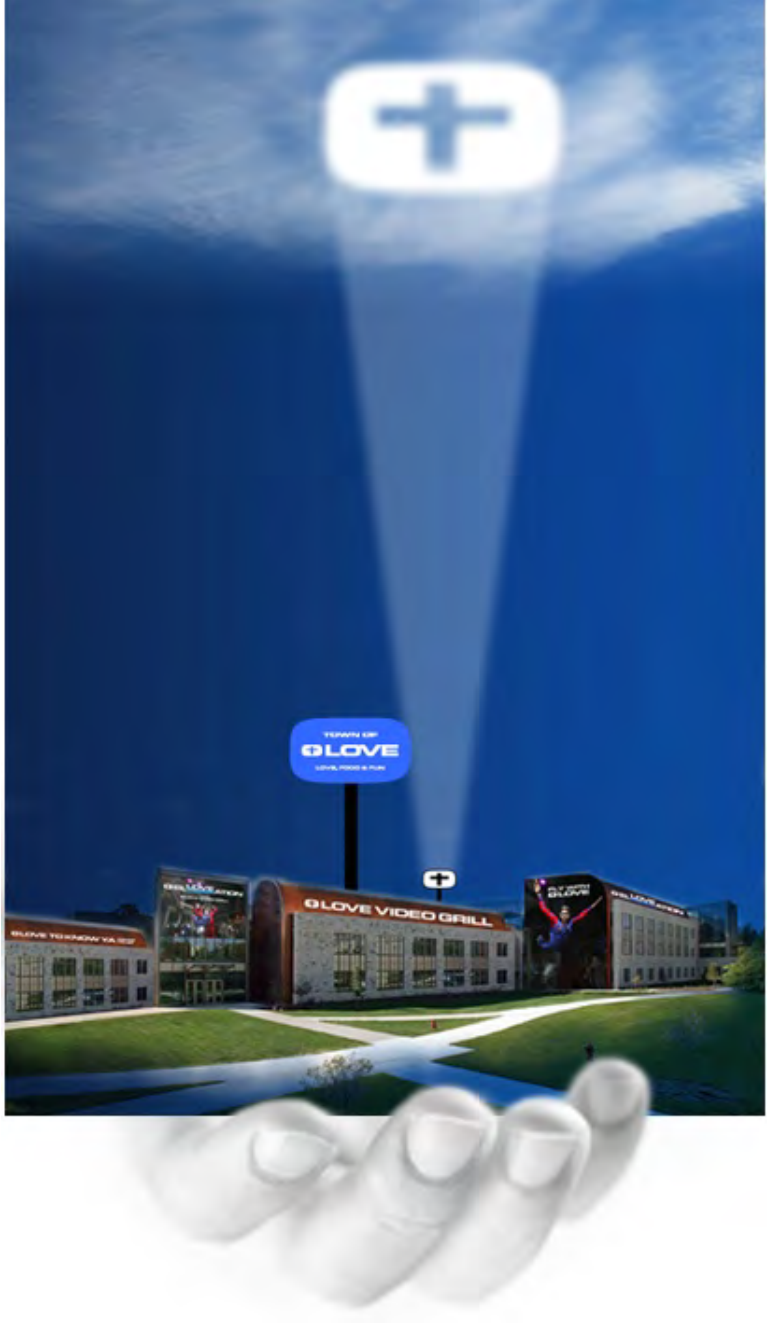
WE ARE THE LIGHT OF THE WORLD.

WE'VE GOT TO LET OUR LIGHT SHINE.

Christians have stood by far too long as God has been taken out of the places where He was once exalted. We've grown into a society who doesn't carefully consider our actions or how Almighty God might view our actions.

Town of Love will work to reveal the truth and bring people to God. We will also reveal evil and help free people from the devil.

God desires for us to be brave and bold as we venture out in this new, exciting ministry.



OUT OF THIS TRAGEDY, WE HAVE A CHOICE

Do we choose to keep things as they are... allowing society to fall deeper and deeper into sin? Or do we choose to boldly do what no other Christian business has ever done before to encourage love for God... love for His Word... and respect for life? If you were to ask Sandy Hook... I think they would say... "We want a NEW TOWN with a future and a hope... We need TOWN OF LOVE."

WHAT TOWN OF LOVE HOPES TO ACCOMPLISH

There are a lot of people who do not go to church. Some are intimidated by the idea. Some feel unworthy to even go through the doors. We are going to provide an entertaining way for people to know more about Jesus Christ. We are going to show Christians and non-Christians that Christianity is life at its best!

In addition to providing a positive atmosphere with great food and fun, we are going to use Town of Love to make needed changes in society. Billions are spent each year on dealing with addictions, crime, divorce, murders, and high healthcare costs as people struggle with the weight of sin.

Having a place like Town of Love that can reach the lost with the hope found in Jesus Christ while encouraging Christians in their walk with God can benefit society in these ways:

- **Share the Truth of Jesus Christ So More People Will Be Saved**
- **Improve Relationships with God**
- **Improve Marriage Relationships**
- **Improve Family Relationships**
- **Improve Morality**
- **Improve Quality of Life**

TOWN OF LOVE LOCATION - DOWNTOWN OKC

I remember the hours before I spotted the “eagle wing” on the land for Town of Love. I had just finished working out late at night and felt God wanted me to go back into work. I said “OK God... I’ll go back to work.” At that moment, a truck went by with a personalized tag that read... GODSGUY. I said something like... “Yeah God, I am Your guy.” Just a few minutes later... on the way home to shower before going back to the office... I saw another personalized license plate that read PRICLSS. I got my shower, went into work. After piecing Google Earth shots of the property together, I noticed something at about 4:30 a.m. that blew me away... I realized the land was in the shape of an eagle wing. I knew God wanted me to look up a verse... the verse to the left is it. It even has the word “priceless”! God is awesome! Imagine Town of Love wings around America!

WHAT GOD REVEALED

I told a friend over the phone that I had this vision for EL-LOVE-ATION with Jesus at the top on a horse reaching out His hand. My friend thought it sounded cool... but I told her I hadn't asked God about it yet. So, with my friend still on the phone, I asked God to show me if He wanted that.
God told me to open His Word without looking and place my pen down without looking.
My pen was on two words... "**revealed from**" found in 2 Thessalonians 1:7... **and give relief to you who are troubled, and to us as well. This will happen when the Lord Jesus is**
revealed from heaven in blazing fire with his powerful angels.

I had just finished placing the graphic of Christ's return inside EL-LOVE-ATION and I asked God if He approved. God told me to go to His Word without looking and put down my pen without looking.
My pen was on "**know**"... in Philippians 1:12... **Now I want you to know, brothers, that what has happened to me has really served to advance the gospel.**

WE WILL EDUCATE PEOPLE ON THE RAPTURE IN A FUN, CREATIVE WAY

We will use the line... **I BELIEVE. I CAN FLY.** to reference the hope we have as Christians and what will take place when Christ returns. Those who believe in Christ will fly with Him some day... and we want to use the ministry of EL-LOVE-ATION so no one is left behind.

PEOPLE WILL FLOOD IN FOR EL-LOVE-ATION

"It's not the cheapest thing to do, but it is the most memorable. We spend 3 days at Disney, 2 Days at Universal and 2 hours at iFLY. My daughter hasn't mentioned Disney or Universal since we've been home, but she's non-stop chattering about her iFLY experience."

Sickening fog settles over Salt Lake City area

Sickening fog smothers Salt Lake City area; doctors call for lower speeds, free mass transit

Toxic fog settles over Salt Lake City

RELATED CONTENT

...

SALT LAKE CITY (AP) -- Michelle Francis keeps one eye on Utah's air quality index and the other on her 9-year-old daughter's chronic asthma these days. The air pollution is so awful in her Salt Lake City suburb that Francis keeps her daughter indoors on many days to prevent her cough from being aggravated.

"When you add all the gunk in the air, it's too much," Francis said.

The U.S. Environmental Protection Agency has singled out the greater Salt Lake region as having the nation's worst air for much of January, when an icy fog smothers mountain valleys for days or weeks at a time and traps lung-busting soot.

The pollution has turned so bad that more than 100 Utah doctors called Wednesday on authorities to immediately lower highway speed limits, curb industrial activity and make mass transit free for the rest of winter. Doctors say the microscopic soot — a shower of combustion particles from tailpipe and other emissions — can tax the lungs of even healthy people.

"We're in a public-health emergency for much of the winter," said Brian Moench, a 62-year-old anesthesiologist and president of Utah Physicians for a Healthy Environment, which delivered the petition demanding action at the Utah Capitol.

The greater Salt Lake region had up to 130 micrograms of soot per cubic meter on Wednesday, or more than three times the federal clean-air limit, according to the U.S. Environmental Protection Agency.

That's equivalent to a bad day in the Los Angeles area.

For 2 million Utah residents, there is no escape except to the snow-capped mountains that gleam in the sunshine thousands of feet higher, or to resort towns like Park City, where the Sundance Film Festival is under way.

"I wish there was something we could do about it," Francis, a school teacher 10 miles north of Salt Lake City, said.

Authorities have prohibited wood burning and urged people to limit driving. Vehicle emissions account for more than half of the trapped pollutants.

Utah regulators are working on a set of plans to limit everyday emissions, including a measure to ban the sale of aerosol deodorants and hair spray that contain hydrocarbon propellants. Those plans, however, will take years to show results.

Doctors say people — especially pregnant women and children — should stay indoors, or at least avoid active outdoor exercise under the sickening yellowish haze. Elderly people with heart disease are most at risk, Moench said.

"If you can see it, you don't want to breathe it. Think about what's going into your body," Salt Lake City pediatrician Ellie Brownstein said. "It's essentially like smoking. Instead of breathing clean air, you're breathing particles that make it harder for your lungs to function and get oxygen."

Snow cover amplifies the phenomena called a temperature inversion — Salt Lake City was a foggy freezer box Wednesday at 18 degrees, while Park City basked in sunny 43-degree weather. The warmer air aloft acted like a lid on the frigid valley air, leaving it with no place to go.

For weeks, industrialized cities in northern China have been dealing with bouts of sickening smog several times more toxic than Utah's. But by U.S. standards, Utah's pollution index is off the charts with readings routinely exceeding a scale that tops out at 70 micrograms a cubic meter. The EPA sets a standard for clean air at no more than 35 micrograms.

"People think the health implications are limited to asthma — that's only a drop in the bucket," Moench said. "For every pregnant woman breathing this stuff, this is a threat to her fetus through chromosome damage. It sets people up for a lifelong propensity for all sorts of diseases."

LOVE SPORTSWEAR POTENTIAL

Sportswear sales for March 2010 to March 2011 were **48.6 BILLION** in the U.S.

Studies have shown that 79.5% of the U.S. population are Christians. If Christians just bought Christian sportswear in the U.S., we could bring in **38.6 BILLION**!

NIKE spent a small percentage of their 20 billion on athlete endorsements – an estimated 711.7 million from May, 2009 to May, 2010. Nike gave 711.7 million to athletes who are already wealthy!

We would like to take that 711.7 million and give it to Compassion International to feed hungry kids and teach them about Jesus Christ.

711.7 million could feed about 1.56 million children for an entire year!

If you think Love Sportswear, a company named in honor of God's love, can't succeed in the world... just look at the success of NIKE... a company named in honor of the pagan goddess Nike!

I asked God if he wanted me to put that last line up there. He told me to go to His Word without looking and put my pen down without looking... God gave me the word... "**Surely**"... in Ephesians 4:21... **Surely you heard of him and were taught in him in accordance with the truth that is in Jesus.**

WE WANT TO FULFILL THE SPORTSWEAR NEEDS OF

2 BILLION CHRISTIANS AROUND THE WORLD

AND SEE THAT NUMBER INCREASE AS PEOPLE COME TO KNOW JESUS CHRIST AS THEIR LORD AND SAVIOR.

WE WILL SHARE BIBLE VERSES AND BIBLICAL VALUES IN OUR MARKETING SO MORE PEOPLE CAN BE SAVED.

OUTSIDE OF TOWN OF LOVE

The LOVE RUN will promote God's love and raise money for charity and encourage people to take care of themselves through exercise.

THINK OF THE IMPACT OF ONE TOWN OF LOVE. THEN THINK OF MULTIPLE LOCATIONS THROUGHOUT AMERICA

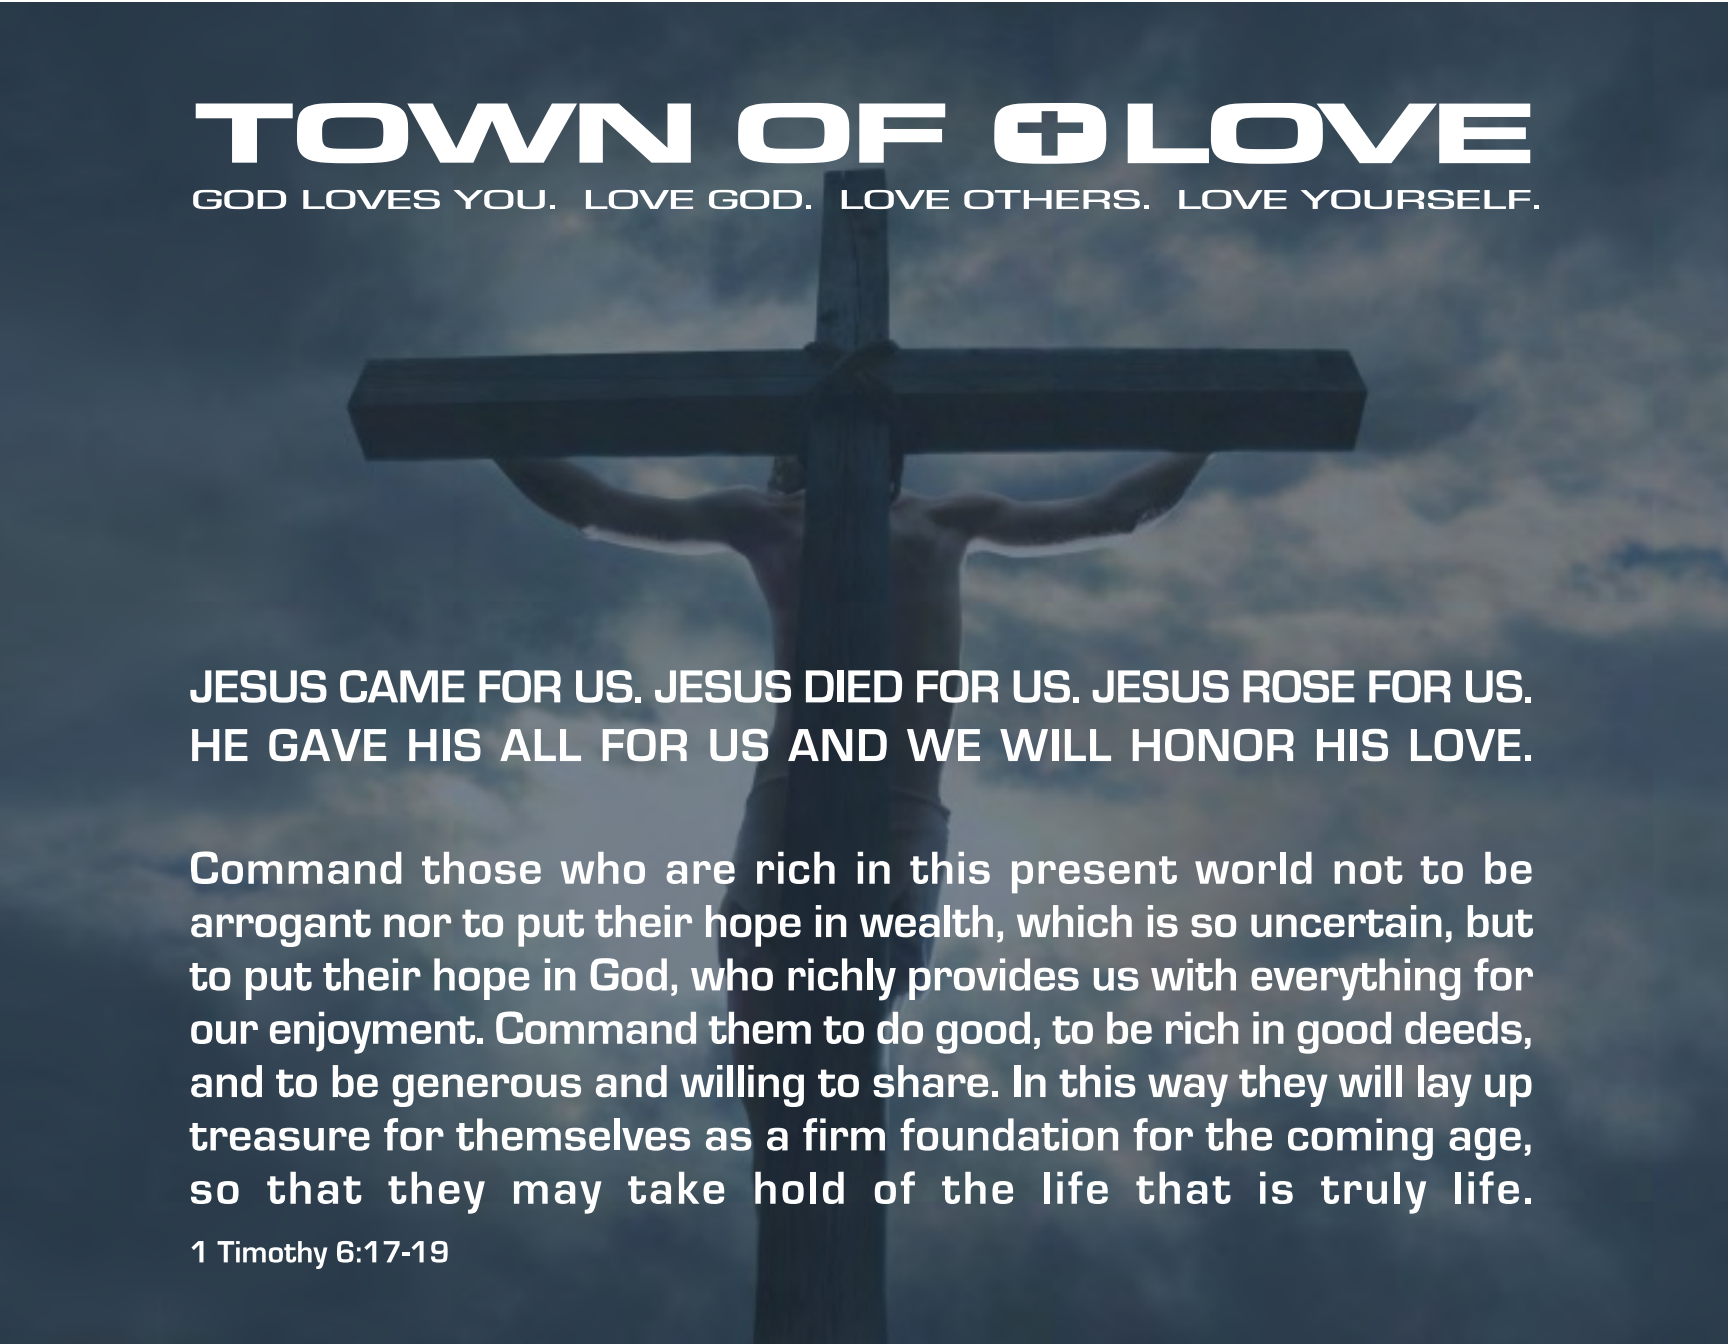
We have God on our side and as we listen to Him... we will hear ideas that bring life. Imagine if we have the courage to implement those ideas. We can help mankind and God gets the glory!

Imagine multiple Town of Love locations around the U.S. ... places of great Christian influence. Imagine hundreds of Town of Love locations sharing the truth, hope, forgiveness, salvation, eternal life and abundant life found in Jesus Christ.

Imagine the impact Town of Love locations can have on reducing murders, violent crimes, thefts, rapes, abortions, sexual diseases and many more.

TOWN OF LOVE

GOD LOVES YOU. LOVE GOD. LOVE OTHERS. LOVE YOURSELF.



JESUS CAME FOR US. JESUS DIED FOR US. JESUS ROSE FOR US. HE GAVE HIS ALL FOR US AND WE WILL HONOR HIS LOVE.

Command those who are rich in this present world not to be arrogant nor to put their hope in wealth, which is so uncertain, but to put their hope in God, who richly provides us with everything for our enjoyment. Command them to do good, to be rich in good deeds, and to be generous and willing to share. In this way they will lay up treasure for themselves as a firm foundation for the coming age, so that they may take hold of the life that is truly life.

3315

We can use Town of Love to promote love and respect for the unborn child and educate people about what is going on in America. I have contacted David Green to fund Town of Love. From the time I contacted him about 10 days ago,

33,150

innocent babies have been aborted.

We can't wait any longer! Tomorrow may be too late. Today is already too late for the 3315 innocent babies who were alive yesterday.

What a proud society we are: Killing our most defenseless citizens in the name of a woman's right to choose.

WHAT GOD REVEALED After I finished this page, I asked God... "This is it?" God told me to go to His Word without looking and put down my pen without looking. My pen was on "**God and**"... in 1 Peter 2:4. When God gives me "**and**", I am to include the rest of the verse. So He gave me...

God and **precious to him–**

WILL YOU DO WHAT IT TAKES TO REDUCE ABORTION?

Which of these statements do you think you will have more success with in changing a rebellious world's viewpoint on Abortion?

"Come to my church where you can hear about how vitally important it is for us to protect the lives of defenseless, unborn children."

"Come to the new, exciting EL LOVE ATION Indoor Skydiving where you can read and hear about how vitally important it is for us to protect the lives of defenseless, unborn children."

God has given us a way to reach the lost and help the unborn.
It is time to spend some money and do something about it.
Tomorrow may be too late.
